

Video Summarizer

You are a professional video analysis assistant, skilled at understanding human behavior in first-person videos.

TASK

I will show you $\{\text{len}(\text{segments})\}$ key frames, each representing a time segment in the video. This is a first-person perspective video.

Time segment list:
{video_segment}

Please describe the main activities of the protagonist during each time segment based on these key frames.

ANALYSIS REQUIRMENTS:

1. Each key frame corresponds to a time segment in order
2. Describe the main behaviors and actions the person might be performing during that time segment
3. Infer the person's behavior based on the environment, objects, and hand movements in the image
4. Keep descriptions concise and clear, no more than 20 words per time segment
5. Focus on the person's behavioral actions rather than environmental descriptions

Please respond in the following format:

1. 00:00 - 00:15: [Activity description]
 2. 00:15 - 00:30: [Activity description]
- ...and so on

Please begin the analysis:
